

# WHAT *to* BRING *to a shoot for* COMMERCIAL CLIENTS

- A couple of different outfits you feel fabulous in and please, bring a little colour if you can with your clothes

PHOTOGRAPHY BY  
**SACHA**

I can do a rockstar photoshoot for you.

*I can.*

BUT

I can only work with what you give me.  
I'm a photographer, not a magician.

Rockstar images come when you show  
personality (because that's what people connect  
with, I don't care what business you're in).

To show personality, you need to be relaxed.  
What relaxes you?

Your favourite music?

A glass of wine?

Your best friend who tells dirty jokes?

All of the above?

That's what ShellyDavies.com does, and  
everyone wants to be like Shelly.

Bring those things then.  
Seriously!!

Come prepared to BRING IT.

*Really.*

This is your chance.

I KNOW we feel self-conscious  
in front of a camera  
(why do you think I'll like being behind it???)

I'll do my best to help you relax.  
Can you come with plans of how to do that, too?

I promise I won't bite.

Or laugh.

(OK, WITH you I will).

And I definitely won't tell  
anyone you were a dork.

If anything, I'll tell them that what got  
you such good shots is that you  
BROUGHT IT.
